

Table for 1 please -  
Sorry but your kind isn't welcome.  
-Can't get a table under a shelter  
It's the law, they follow that to the letter  
But hey they got a little space out back  
Corralled with my people, how's that  
Surrounded by the same sounds found in the past  
Bounded on the same grounds, now I'm looking back  
-Mounting questions bout the message doubting if they're really facts

Cast out from establishments  
Outcast savages  
Workers blame the management  
Management blames the management  
For progress - the problems persist  
It's my choice, I choose to resist  
As if I didn't want to quit and climb out of this pit  
Commit to living fit and more healthy - maybe then they'll accept me /

.... Maybe then they'll accept me.

No government should have all that power  
The clock's ticking, I just count the hours  
Stop tripping, they're tripping off the power  
No government should have all that power  
The clock's ticking, I just count the hours  
Stop tripping, they're tripping off the power
